## Sprayable ALL PURPOSE Plant Food 9-4-4

### GUARANTEED ANALYSIS 9-4-4 F1475

Total Nitrogen (N) . . . . .	9%
0.5% Water Soluble Nitrogen	
8.5% Water Insoluble Nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) . . . . .	4%
Soluble Potash (K <sub>2</sub> O) . . . . .	4%
Calcium (Ca) . . . . .	4.0%
Sulfur (S) . . . . .	2.0%
2.0% Combined Sulfur (S)	
Iron (Fe) . . . . .	1.0%

Derived from dried hydrolyzed fish, blood meal, bone meal, sulfate of potash, ferrous carbonate.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.regulatory-info-lmb.com>.

Store in a cool dry place. Keep product dry until use. Keep out of reach of pets.

### TO APPLY WITH A WATERING CAN

For outdoor plants, mix 1 tablespoon per gallon of water. Apply one gallon to 10 square feet every 7 to 14 days. Apply to foliage and soil. For houseplants, mix 1/2 - 1 teaspoon per gallon of water. Apply to soil every 2 weeks. Apply to plants that have been well-watered and are not under stress. Use less fertilizer during extremely hot or dry weather.

### TO APPLY WITH ANY CLOG-FREE HOSE-END FEEDER (without siphon tubes)

1/2 cup (8 tablespoons) feeds 250 sq ft (10' x 25' area). Add measured amount of plant food to feeder; assemble feeder and attach to garden hose; shake gently while jar fills with water. Spray back and forth quickly over foliage and soil, until the water in the jar is almost clear. To avoid clogging, do not turn feeder upside down while spraying. Rinse feeder thoroughly after application. To ensure even feeding, spray back and forth several times over the area.

**SATISFACTION GUARANTEED:** If you are not satisfied with the performance of this product, simply send your name, address, and proof of purchase to the address shown and we will refund your purchase price.

Filled by weight not by volume. Product may settle after packaging.
