MOSS OUT! ROOF STRIP

MOSS OUT! ROOF STRIP is the long term solution to moss build-up on roofs. With each rainfall, moss-killing zinc is released. Zinc is a proven agent for controlling moss and fungus. MOSS OUT! ROOF STRIP is designed to last more than 25 years.

Do not allow this product to come into contact with either strong acids or bases.

MOSS OUT! ROOF STRIP is easy to use. Just apply the rolled zinc to each side of the ridge cap along all roof peaks, nailing approximately every one foot. MOSS OUT! ROOF STRIP works on composition, shake and tile roofs and is designed to last more than 25 years!

Storage and Disposal: Store out of reach of children and domestic animals. Dispose of unused product in trash or offer for recycling.

Keep out of reach of children
CAUTION
Active ingredient:
Zinc Metal Strip 100%
