Non-Staining IRON SAFE

A lush, deep green color and lots of strong growth are the signs of a vigorous plant, whether in a tree, your lawn, or that head of lettuce. Extra iron can give your plants that beautiful color and keep it growing great. IronSafe® can be used effectively in all soil types, but is especially effective in high alkaline soils.

Plants everywhere can use the nutrients in IronSafe to grow and thrive. So, don't let your plants suffer without the micronutrients and nitrogen they need. Turn your yellowing, iron-starved plants green again with IronSafe.

IronSafe contains iron sucrate, a new form of iron for lawn and garden products. Iron sucrate is longer-lasting and more evenly-available than the iron in other products. Your lawns, trees, shrubs, vegetables, and flowers - in fact your whole yard - will stay greener longer with IronSafe.

GUARANTEED ANALYSIS

Total Nitrogen (N)..... 4%	Zinc (Zn)..... 0.05%
4.0% Ammoniacal Nitrogen	0.004% Water Soluble Zinc (Zn)
Sulfur (S)..... 12%	Derived from ammonium sulfate, calcium sulfate, calcium borate, sodium borate, ferrous sucrate, ferrous oxide, manganese sucrate, manganese oxide, sodium molybdate, zinc sucrate, zinc oxide.

Molybdenum (Mo)..... 0.0005%	

DIRECTIONS FOR USE

Lawns and Turf: Apply IronSafe to established lawns at the rate of 1 to 2 lbs. per 100 square feet (10 ft. x 10 ft.). See chart for spreader settings. After application, water deeply to move iron into the root zone so it can start working. IronSafe can be applied as needed up to 3 times per year.

Ornamental and Evergreen Shrubs (roses, rhododendrons, azaleas, camellias, holly, juniper, pine, and many others): Apply IronSafe to established shrubs at the rate of 1 to 2 lbs. per 100 square feet (5 ft. x 20 ft.). Evenly apply the product under the drip line of the shrubs. If possible, mix lightly into the soil without damaging plant roots. Water deeply after application. IronSafe can be applied as needed up to 3 times per year.

Flowers, Vegetables & Berries: Apply IronSafe to established plants at the rate of 1 to 2 lbs. per 100 square feet (10 ft. x 10 ft.). Evenly apply the product around the plants. If possible, mix lightly into the soil without damaging plant roots. Water deeply after application. IronSafe can be applied as needed up to 3 times per year.

Citrus Trees, Other Fruit and Ornamental or Shade Trees, and Hedges: Apply IronSafe to established trees at the rate of 1 to 2 lbs. per 100 square feet (10 ft. x 10 ft.). Evenly apply the product under the drip line. If possible, mix lightly into the soil without damaging plant roots. Water deeply after application. IronSafe can be applied as needed up to 3 times per year.

SETTING YOUR LAWN SPREADER

THESE SETTINGS ARE A GUIDE. They were determined by landscape professionals using new spreaders. The condition of your spreader, your walking speed, the roughness of the lawn, and even the humidity can affect how fast the lawn food comes out. Watch the flow rate. If it appears to be coming out either slower or faster than you are covering the lawn, adjust the setting. Close the spreader when filling, turning or stopping.

Spreader settings are designed for a rate of one pound per 100 square feet (5 ft. x 20 ft.). If you wish to use the higher rate of two pounds per 100 square feet go over your lawn twice in opposite directions.

SPREADER SETTINGS

Drop Spreader Models	Bag Covers (10 lbs. for 1,000 sq. ft.)
• Scotts AccuGreen 1000..... 9	• Scotts AccuGreen 2000..... 9
• Scotts AccuGreen 3000..... 9	• Earthway..... 13

FOR BEST RESULTS

Can be applied up to three times a year to keep plants growing strong. Water deeply to move product into the root zone for optimal feeding.

SAFETY GUIDELINES

Storage & Disposal: Store in a dry area away from pets and children. Do not reuse empty bag.

Precaution: Although IronSafe will not stain, it should be swept or blown off concrete, masonry, patios, and pool areas as soon as possible. Extreme care should be taken to keep this product out of swimming pools.

If for any reason you are not satisfied with this product, send proof of purchase to the address shown and we will gladly refund your purchase price.
