Palm Tree FOOD

Palms, ferns, cycads, and tropical plants of all kinds need a special combination of plant foods to grow their best. These plants need lots of nitrogen, potassium, magnesium, sulfur, iron, and other elements for lush green growth and vibrant colors. Lilly Miller PALM TREE FOOD is the easy way to make sure plants have these important elements.

Lilly Miller blends natural ingredients with traditional plant foods to produce a unique fertilizer that provides nitrogen from five different sources. We've added a mix of nutrients that are available to plants quickly to help them get off to a great start. We've added others that last longer to keep on feeding your tropical plants steadily for up to six weeks. PALM TREE FOOD also supplies magnesium, sulfur, iron and other minerals to help prevent discolored, withered leaves that can be caused by a deficiency of these elements.

HOW DO I USE THIS PRODUCT?

Start feeding Lilly Miller PALM TREE FOOD in early Spring when plant growth starts. Feed again every 6-8 weeks after that, up to six times each year throughout the growing season. Use the amounts in the charts below for each feeding. Spread the fertilizer over the soil surface, within the drip line of the plant but away from the trunk. Scratch lightly into the soil surface. Be sure to avoid damaging shallow roots. After applying PALM TREE FOOD, water entire area thoroughly.

PALMS, FERNS, and CYCADS

<i>Height</i>	<i>Use this amount</i>
2-3 feet	¼ cup
4-6 feet	1-¼ cups
7-10 feet	1-½ cups
11-15 feet	2-¼ cups
16-20 feet	4 cups

PLANTS IN CONTAINERS*

<i>Size of container</i>	<i>Use this amount</i>
1 gallon	1 tablespoon
2 gallon	2 tablespoons
3 gallon	3 tablespoons
5 gallon	¼ to ½ cup
10 gallon	½ to 1 cup

TROPICAL PLANTS (Bamboo, Banana, Bird of Paradise, Bougainvillea, Bromeliad, Caladium, Canna, Clivia, Ginger, Hibiscus, Jasmine, Mandevilla, Pineapple, Plumeria, Schefflera, etc.)

<i>Area</i>	<i>Use this amount</i>
25 sq. ft. (5' x 5')	1 cup

*For plants in containers, monitor foliage color and vigor carefully. Adjust amount of fertilizer applied as needed to maintain lush foliage and even, sturdy growth.

One cup = approximately ½ pound

OUR COMMITMENT TO YOUR SATISFACTION: If you are not happy with the way this product works in your garden, please let us know. We will be happy to replace the product, refund your money, or substitute another Lilly Miller product. Simply send your name, address and proof of purchase to the address shown.

Derived from ammonium sulfate, urea, polymer coated urea, ammonium phosphate, dried poultry waste, treble superphosphate, muriate of potash, ground limestone, sulfate of potash magnesia, calcium and sodium borate, iron sucrate, manganese sucrate, sodium molybdate, zinc sucrate.

*1.5% slowly available nitrogen from polymer coated urea and dried poultry waste.

F1475

ABOUT OUR SPECIAL FORMULA

10% N Nitrogen

We use five sources of concentrated nitrogen to develop lush green foliage.

5% P₂O₅ Available Phosphate

A good helping of phosphorus develops strong roots.

8% K₂O Soluble Potash

Potassium (potash) helps plants resist drought and effects from excessive temperatures.

The other minerals in this premium formula improve plant color, vigor, and strength to give you the garden you want.

PROTECT YOURSELF, PROTECT YOUR PETS

This product contains animal manures and/or byproducts that may attract dogs or other pets. Consumption of this product may make animals sick. To minimize potential problems: 1) Store away from pets, 2) Thoroughly mix into soil to eliminate large clods or surface exposure of product, 3) Do not apply this product along with pesticides.

Please wash hands and exposed skin with soap and water after using this product.
